International symposium from the 9th through the 11th of October, 2001 in Liège under the initiative of the Université de Liège.

In questioning the Belgian and Quebecois texts of the 19<sup>th</sup> and 20<sup>th</sup> centuries, the contributions intend to show that several strategies are presented to the "peripheral" writer that allow him or her to situate the usage of literary language.

Texts are from J. Ferron and S. Kokis. Studies concern J. Muno or J Grandgagnace.
