Acclaimed on international stages, *A Doll's House* arrives in Louvain-la-Neuve !

This stunning adaptation of Henrik Ibsen's masterpiece tells the story of a woman, Nora, whose marriage falls apart. This play explores the themes of female emancipation, social conventions and the quest of finding one's identity.

In a spectacular scenography, two artists perform alongside puppets, each more impressive than the last.

Come and immerse yourself in this fascinating interplay between illusion and reality!
